## **COUNCIL AGENDA REPORT**

**AGENDA DATE:** October 27, 2009

**TO:** Mayor and Councilmembers

**FROM:** Treasury Division, Finance Department

**SUBJECT:** September 30, 2009, Investment Report And September 30, 2009,

Fiscal Agent Report

#### **RECOMMENDATION:** That Council:

A. Accept the September 30, 2009, Investment Report; and

B. Accept the September 30, 2009, Fiscal Agent Report.

#### **DISCUSSION:**

The City's investment reporting schedule requires staff to submit a comprehensive report on the City portfolio on a quarterly basis. This report covers investment activity for July through September, 2009.

According to estimates released by the Bureau of Economic Analysis, real gross domestic product (GDP), the broadest measure of the health of the U.S. economy, decreased at an annual rate of 0.7 percent during the second calendar quarter of 2009 after a 6.4 percent annual decrease for first quarter of 2009. Negative GDP indicates declines in exports, consumer spending, and business investments. However, the second quarter decline indicates a slowing of the contraction of the U.S. economy.

Mixed signals of an economic recovery continued throughout the third quarter. Financial markets rallied for the seventh straight month since March 9<sup>th</sup> lows due to signs of improvement in the economy and corporate earnings. Each of the major indexes posted 15 percent gains or better during the guarter.

As shown in the table to the right, Treasury yields moved lower during the quarter despite large amounts of Treasury debt coming to market again this quarter to the fund the massive federal bailout programs and stimulus packages. While an increase in the supply of Treasuries in the market generally acts to push prices

down and yields higher, investor demand for safety kept prices high and yields lower this quarter.

Although September consumer spending results have not been released yet, a 2.7 percent increase in August consumer spending was spurred by high gas prices, back-to-school purchases, and the federal "Cash for Clunkers" (Car Allowance Rebate System, or CARS) program which spiked automobile sales from multi-decade lows. Still, during the quarter retail sales overall remained well below sales in July and August 2008, but at the highest levels since October 2008.

Unemployment rose to a record high of 9.7 percent by September 30, up from 9.5 percent at June 30, which had marked the highest level of unemployment in twenty-six years at the time. Also, recent data on sales of existing homes in the third quarter showed an unexpected decline. The commercial real-estate market continued to deteriorate, with the trend likely to continue in the near term.

The Consumer Price Index (CPI) is a general measure of inflation showing the average change in prices over time of goods and services purchased by households. Both the seasonally adjusted CPI-U for all items increased 0.2 percent in September, after a 0.4 percent rise in August due to increases in gasoline prices. Excluding food and energy costs, the core index also climbed 0.2 percent after increasing 0.1 percent in each of the previous two months.

During the third quarter, the federal funds rate remained unchanged at a target range of 0-1/4 percent. At its September meeting, the Federal Reserve Bank's Open Market Committee reiterated its commitment to keep rates exceptionally low for an extended period.

#### **Investment Activity**

As shown in the table on the next page, the City invested \$20.0 million during the quarter. The purchases consisted of "AAA" rated Federal Agency securities, of which \$12.0 million are callable, and \$8.0 million are bullets. \$6.0 million of "AAA" rated Federal Agency securities were called during the quarter, and maturities for the quarter totaled \$10.5 million. The weighted average yield to maturity on the quarter's purchases totaled 2.61 percent, compared to that of 4.078 percent on the quarter's called and matured investments. The rate at which the City earned interest at LAIF was 0.9 percent for the quarter ended September 30, 2009. Staff expects to reinvest a portion of the City's LAIF balances in short-term securities during the next quarter.

#### **Summary of Cash and Investments**

During the quarter, the City's book rate of return decreased by 18.2 basis points from 3.101 percent at June 30, 2009 to 2.919 percent at September 30, 2009. The portfolio yield continues to decline through the attrition of higher-yielding securities, and reinvestment at considerably lower market rates. The portfolio's average

		Days to
Mo. Ended	Yield	Maturity
6/30/2009	3.101%	465
7/31/2009	3.034%	799
8/31/2009	3.044%	846
9/30/2009	2.919%	912

days to maturity increased by 447 days from 465 to 912 days due to the addition of the 20-year Airport promissory note into the portfolio in July 2009, authorized by Council action on April 14, 2009. The portfolio's average days to maturity excluding the Airport note is 607 days, reflecting reinvestment of maturities and calls during the quarter in the two to five year range.

# **Credit Quality on Corporate Notes**

Over the quarter ended September 30, 2009, there were no credit quality changes to the four corporate issuers of the medium-term notes held in the portfolio (i.e., Berkshire Hathaway Financial, General Electric Capital Corp, Toyota Motor Credit, and Wells Fargo & Company). All ratings remain within the City's Investment Policy guidelines of "A" or better.

#### **Portfolio Market Gains/Losses**

As shown on the Investment Yields below, the City's portfolio continued to reflect unrealized market gains during the quarter due to the low interest rate environment. At September 30, the portfolio had an unrealized market gain of \$1.943 million.

On a quarterly basis, staff reports the five securities with the largest percentage of unrealized losses. At September 30, 2009 there were only two securities with unrealized losses as shown in the table below. However, since securities in the portfolio are held to maturity, no market loss will be realized. There were no securities with market decline of greater than 1 percent compared to the prior month.

#### **Additional Reporting Requirements**

The following confirmations are made pursuant to California Code Sections 53600 et seq.: (1) the City's portfolio as of September 30, 2009 is in compliance with the City's Statement of Investment Policy; and (2) there are sufficient funds available to meet the City's expenditure requirements for the next six months.

## **Fiscal Agent Investments**

In addition to reporting requirements for public agency portfolios, a description of any of the agency's investments under the management of contracted parties is also required on a quarterly basis. Attachment 2 includes bond funds and the police and fire service retirement fund as of September 30, 2009.
